

## POWERCOAT DIAMOND FINISH NITRAF

NITRIL PROTECTIVE GLOVE, FOR CHEMICAL  
PROTECTION (2095301)

### Description

"Length: 33 cm. Thickness: 0.4 mm. Unsupported nitrile glove. Cotton flock inside. Diamond-pattern finish. Benefit: The glove's nitrile formula has been selected to give great elasticity to the glove. The cotton flocked interior provides the user with greater comfort. Its diamond finish is tailored for grasping dry and damp objects. Resistance: Nitrile ensures good chemical properties and excellent mechanical characteristics (abrasion). It is particularly suitable for the handling of oils and greases. Avoid contact with solvents containing ketones. Safety: Category III glove for constant quality. Its long cuff helps to protect the forearm. Applications: Mechanical and chemical resistance to a large range of products (oils, detergents and many solvents). Preparation of greasy products, production of paints, varnishes."

### Product details

#### Brand

- Honeywell

#### Material

- Nitrile

#### Packaging

- 10 pairs/box

#### Certification

- EN 420
- EN 388
- EN 374-3
- EN 374-3-J
- EN 374-3-K
- EN 374-3-L

#### Certification performance level

- EN 388 - abrasion resistance: 4
- EN 388 - cutting resistance: 1
- EN 388 - tear resistance: 0
- EN 388 - puncture resistance: 1
