

SMARTFIT DETECTABLE

MULTIPLE-USE DETECTABLE EARPLUG (1012522)

Description

Conforming material technology™ : Thermoplastic Elastomer (TPE) adapts plug to the contours of the ear canal for a more personalized fit, feels better the longer you wear it. Visual and metal detection: Detectable ring on stem and attached metalized cord detectable by automated equipment, while blue color aids in visual detection. Ideal for process industries: Pulp & paper, food/beverage processing, tobacco. Benefit: Ears are like people — each one unique and different. That's what makes SmartFit Detectable such a marvel of user-friendly design. The only multiple-use earplug with Conforming Material Technology™ SmartFit Detectable uses body heat to adapt to the shape of the ear canal for a comfortable, personalized fit. Designed for process industries such as food and pulp/paper, SmartFit Detectable's bright blue color and metalized features aid can be detected by visual or automated methods. It's the ultra-smart choice for today's diverse workplace.

Product details
