

3SIC GRIZZLY 2.0

CHAINSAW BOOTS TO EN ISO 20345 AND EN ISO 17249 CLASS 2

Description

The Grizzly boots are based upon our experience in manufacturing chainsaw protective clothing and the knowhow of the Italians in boot manufacturing. Developed for groundwork, they are mainly composed of orange Hypertex and Superfabric to reduce maintenance to a strict minimum and take robustness to the highest achievable level. As far as the sole is concerned, we couldn't have chosen a better brand than Vibram®. The long lasting Vibram® Teton sole assures you grip on unstable and heavy grounds, wet or dry. A wide panel of testers were unanimous on every level: "these boots are top of the notch"! What else can we say? Exigences fondamentales + Coquille en acier avec résistant de 200 J aux impact et à une compression de 1500 daN (SB) | Tepor breathable and waterproof membrane with 10.000mm water column waterproofness to ISO 811 | Memory foam insole | Kevlar® anti-perforation sole | 55% Polyamid - 40% Polyurethane - 5% Polyester Hypertex fabric with Putek technology ± 390g/M2 | Coated waterproof and breathable Superfabric 2.0mm | All Terrain Vibram Teton Sole®

Product details

Safety class

- SBP

Brand

- SIP Protection

Exterior sole

- Rubber

Fastener

- Laces

Industry

- Chainsaw

Midsole

- Zero perforation
- Synthetic

Model

- Extra high

Properties

- Breathable
- Shock absorbing heels (E)
- Waterproof membrane (WR)
- Heat insulation (HI)
- Insulation from cold (CI)

Safety toe cap

- Steel

Upper

- Textile

Certification

- EN ISO 17249:2013 class 2

Colours

orange/black
