

3XA2 TIMBER 2.0

CHAINSAW BOOTS, EN ISO 20345 S3, EN ISO 17249 CLASS 2

Description

No special 3D memory foam cushioning insole, no fancy colors, no fancy leather choice... Yes indeed, sometimes the word "basic" just means "appropriate enough for the job ahead". The new Timber boots are just those kind of boots, fine if you do seasonal forestry work. However, this doesn't mean we gave up on durability. An injected sole, S3 mechanical resistance, class 2 chainsaw protection, its all there within reach for a tiny budget.

Product details

- Safety toecap: steel

Safety class

- SB

Brand

- SIP Protection

Fastener

- Laces

Midsole

- Kevlar® anti-perforation midsole

Properties

- Shock absorbing heels (E)

- Oil and petrol resistant sole (FO)

- Water-repellent (WRU)

- Waterproof membrane (WR)

- Heat resistant sole (HRO)

- Heat insulation (HI)

- Insulation from cold (CI)

Properties

- Antistatic
