

DEXPURE NITRIL POWDERED

SINGLE USE NITRIL GLOVES, POWDERED (4580091)

Description

Length: 24 cm. Thickness: 0.1 mm. Powdered nitrile glove. Blue translucent Single use. AQL : 1,5. Benefit: Comfort Disposable glove for an excellent touch. Its patterned finish provides a better grip. Resistance: Nitrile offers better mechanical resistance than latex. It also provides superior performance when in contact with greasy products. Hygiene: The glove is treated to prevent the development of bacteria. Its non-powdered interior ensures the absence of a transfer of cornstarch to foodstuffs, for a lower risk of allergy. Certified for contact with food (AQL 1.5 and food handling certified: guarantees a high level of quality and contact with foodstuffs (non-damaging to health. Glove components do not migrate towards food). Its blue colour easy to detect makes it suitable for the agrifood industry. Nitrile is an alternative for users who are allergic to natural latex. Applications: Food preparation. Laboratory works. Manufacturing and presentation of cosmetics. Common hospital duties. Assembly of small objects.
