

# PERCAP

## FOLDING BANDED EARPLUGS (1005952)

### Description

*For workers who are exposed to intermittent or low levels of noise, Howard Leight's PerCap banded earplugs offer an alternative to earplugs and earmuffs. From its compact design to semi-aural protection, PerCap offers reliable protection from noise with ear pods that rest outside of the ear canal opening. PerCap can be worn in three positions and folds down for pocket-sized storage, ideal for supervisors and other workers who are in and out of noisy areas, and need easy access to hearing protection.*
