

# POLYTRIL BLACK

## POLYAMIDE PROTECTIVE GLOVE WITH NITRIL COATING, FOR GENERAL HANDLING (2232231)

### Description

*Length: 23 cm. Gauge: 13. Black polyamide knitted glove. Black oil proof nitrile coating on palm and fingertips. Elastic wrist. Benefit: The knitting technique helps to obtain a glove that conforms snugly to the hand, with good dexterity. The glove offers maximum comfort and added sturdiness. The tight knit gives the glove perfect support, limits the penetration of dirt and offers a good touch. The ventilated back improves the glove's breathability. The knitted and elasticated wrist gives the glove good support. The filament yarn reduce linting for the most sensitive applications and easily laundered for extended use. Resistance: The nitrile coating at the palm and fingertips provides outstanding abrasion resistance and impermeability to oils. Hygiene: Its black colour makes it more soilproof, thus ensuring a longer last. Recommendation: Fine handling in a dry, greasy, damp and dirty environment. Application: Mechanical assembly and subcontracting (automotive industry). Construction and public works. Advantages: The gloves combine mechanical resistance and dexterity. Excellent impermeable properties to oils.*

### Product details

#### Brand

- Honeywell

#### Material

- Polyamide

#### Material coating

- Nitrile

#### Packaging

- 10 pairs/pack

- 10 packs/case

#### Properties

- Coating on palm and fingertips

- Elastic wrist

- Extra large sizes available (XXL/11)

- Extra small sizes available (XS/6)

#### Stock article

- Stock article

#### Certification

- EN 420

- EN 388

#### Certification performance level

- EN 388 - abrasion resistance: 4

- EN 388 - cutting resistance: 1

- EN 388 - tear resistance: 2

- EN 388 - puncture resistance: 1
