

TURBOSHIELD HEADGEAR

HEADGEAR FOR FACE SHIELD TURBOSHIELD (1031740)

Description

Turboshield Ratcheted Headgear, Black. With three patented features, Honeywell Turboshield provides unparalleled comfort for longer wear, the easiest visor exchange system available and optimal safety and balance. Honeywell Turboshield is perfect for those who are exposed to falling or flying objects, impact, splash, UV and airborne debris. Honeywell Turboshield can also be comfortably worn with most goggles, respiratory protection and hearing protection. Supervisor visors will also work with Honeywell Turboshield! The Headgear for the Honeywell Turboshield pace protection system features patent-pending suspension cushioning and patented visor push button latch release mechanism. Flexible head-cushioning suspension cradle provides 300% greater contact area than traditional suspensions to eliminate pressure points for all-day wear. Simple push-button release system allows for easy visor exchange in seconds. Easy and Quick Visor Exchange. Control knobs are large and ergonomically designed for easy adjustment - even while wearing gloves. Personalized, comfortable fit. Breathable, removable, washable headband: Better Hygiene. Smooth-pivoting action with positive stops in raised and lowered position: Easier to use and to raise and lower on the job without struggling with lift and lower. Shell marking: HON 166 T A 3 9 CE
