

WINNER

BOOT UNI EN ISO 20347:2012/SRA

Description

Upper and sole made of "Gommaforte", a special patented compound consisting of nitrile rubber and chemical melt blended by extrusion and injection resistant to animal fats, oils, caustic soda, detergents and acids. Upper is highly resistant, soft and flexible even at low temperatures. Anatomic design for higher leg and foot comfort. Reinforced heel and ankle protection. It can be shortened to suit personal use and needs. Back spur to take it off without tearing. Inner nails to hold in overalls and trousers. Insole made of shock-absorbing and insulating nitrile rubber foam. Anatomically designed for higher comfort. Reduce the foot sensitivity to rougher grounds. Sole has a special non-slip and shock absorbing design with anti-twist central reinforcement. Self-cleaning tread. Footbed consists of antibacterial Polyester sponge inner lining, foot damp absorbing and drying in a few time without trapping dampness. Washable with water and white soap.

Product details

Safety class

- OB

Brand

- Nora/Spirale

Exterior sole

- Rubber

Fastener

- None

Industry

- Agriculture

- Leisure

Midsole

- Synthetic

Model

- Boot

Properties

- Antistatic (A)

- Shock absorbing heels (E)

- Oil and petrol resistant sole (FO)

- Water-repellent (WRU)
