TECHNICAL T-SHIRT LONG SLEEVES, UPF +50

Description

This technical T-shirt offers an unsurpassed comfort thanks to its Sio-Cool® Classic UPF 50+ certified fabric and especially developed fitting. It evacuates transpiration quickly keeping you fresh and dry which is particularly appreciated during work in hot weather conditions. However, also during the wintertime this T-shirt has a very meaningful purpose as a first layer under for example a Keiu rain jacket.
