

1RBK HANDY FLASH

HI-VIS BRUSHCUTTER JACKET

Description

The new SIP Protection brushcutting jacket had been in our secret development cupboard for some time. Whenever we were asked for a brushcutting jacket we mostly referred to our wide range of working jackets. However, because most professionals carry a harness to fix the brushcutter on, a regular working jacket quickly falls short in providing optimal working comfort. This jacket offers the solution. Just open the zipper on the right hand side of the jacket and the protector plate will not bother any longer. Of course, because brushcutting work is often executed along the road, this jacket is EN ISO 20471 class 3 certified!

Product details

Model

- Jacket

Brand

- SIP Protection

Fabric

- Water repellent 80% Polyester - 20% Cotton main fabric ± 200g/m²

Fastening

- Long zipper

Outside

- Straight collar

- Cuffs at end of sleeves

Pockets and loops

- 1 inset chest pocket with zip closure

Properties
