

1SMR KEIU HV

HV RAIN JACKET, EN 343 CLASS 4 4, EN ISO 20471 CLASS 3

Description

While wearing our new Keiu jacket you will welcome the rain. The jacket is fully waterproof and breathable; this will make the jacket more comfortable to wear without getting too hot while working. Its ergonomic fit is modern and stylish. This jacket is EN ISO 20471 class 3 certified which assures you high visibility in daylight as well as at night. In addition the jacket has good styling details, ventilation zippers, a hood that is stored in the collar, deep pockets and an extended back to avoid rain running into the back of your trousers. So welcome rain!
